what you need today.***

*For School, Local Government
and Hospital Roofs*

TREMCO ROOFING

CRITICALCARE

The Tremco Roofing and Building Maintenance team understands from decades of experience that public agencies across the country face unique facility management and building construction challenges, even under the best of circumstances. Today, as always, we offer the industry's most comprehensive and reliable roofing solutions for the public sector, customized to meet your need for speed, quality, transparency and maximum return on investment.

The Tremco Roofing CriticalCare program solves your most urgent roofing problems with a suite of products and services designed to:

Meet your most challenging budget constraints while protecting your roofing assets

Extend the performance life of your current roofing systems for as long as possible

Help you plan for long-term needs while addressing your most urgent roofing problems today

TREMCO ROOFING
OFFERS THE INDUSTRY'S
MOST **COMPREHENSIVE**
AND **RELIABLE ROOFING**
SOLUTIONS FOR THE
PUBLIC SECTOR

TREMCO ROOFING **CRITICALCARE** INCLUDES:

- Virtual and digital tools for safe, comprehensive and timely communications
- Professional inspection and diagnostic services to quickly identify critical problems
- Warranty renewals and extensions for all roof types and manufacturers
- Emergency repairs to stop leaks now
- Proactive maintenance to protect what you have
- The industry's leading restoration systems to delay replacement
- Best-in-class contractors to ensure reliability and quality

BUSINESS AS USUAL

In extraordinary times

CUSTOMER PEACE OF MIND

“Problems are solved by Tremco.”

“I don’t think we could do a better job through anyone else.”

“Tremco treats our projects as if they are their own.”

“With their inspectors on site, I don’t have to worry about it.”

During these extraordinary times, we remain committed to meeting your needs and earning your trust. Because although in many ways “business as usual” seems a thing of the past, to us it means continuing to do everything we can to help meet our customers’ roofing and building envelope needs. Our goal will always be to provide solutions as efficiently and economically as we can, without sacrificing quality.

MEETING THE PROCUREMENT NEEDS OF THE PUBLIC SECTOR

As the first roofing manufacturer to offer products through cooperative contracting twenty years ago, Tremco Roofing and Building Maintenance and our affiliated construction services company WTI* continue to break new ground in cooperative contracting expertise.

Procuring Tremco Roofing CriticalCare through our cooperative contracts ensures public agencies receive exactly what’s needed during today’s challenging time: **speed, quality, transparency and best value**. Because the bid process has been completed according to state regulation, not only can you move quickly (often in as little as 30 days), best-value pricing and the elimination or significant reduction of change orders ensures budget predictability.

THE POWER COUPLE: TREMCO ROOFING AND WTI

Tremco Roofing and Building Maintenance offers a breadth and depth of roofing systems for every environment, and the technical know-how to solve our customers’ biggest problems. And because our affiliated construction services company WTI offers turnkey maintenance, repair, roof management and general contracting services for the entire building envelope, we have the unique ability to provide a total solution to maximize building performance and return on investment.

* Weatherproofing Technologies, Inc. (WTI) is an affiliate of Tremco Incorporated and part of the Tremco Construction Products Group.

FACILITY MANAGERS SAY
ROOFING PROCUREMENT
IS FASTER, SIMPLER
AND MORE ECONOMICAL
THROUGH TREMCO ROOFING
COOPERATIVE CONTRACTS

“Tremco Roofing was an easy choice. Their roofing contract through cooperative purchasing made procuring our roofing system simple and convenient. We were able to use the contract to save valuable time and money.”

“Through cooperative purchasing, we enjoyed a short project time, zero change orders, and great-looking and leak-free roofs with excellent communications among all parties.”

“Through cooperative purchasing we have completed numerous roofing projects with no problems. We use the program because we can set the quality standard and be confident the project will run smoothly. And the on-site inspectors ensure quality work every time.”
