

TREMCO INCORPORATED

David Hand CSI, CDT

Roofing Specialist – Southwest Michigan

Phone: 800.524.2046

E-mail: dhand@tremcoinc.com

David Hand joined Tremco Incorporated in 2002 as a sales representative in the Roofing and Building Maintenance Division. David came to Tremco with several years of experience as a sales representative for another roofing manufacturer. He also spent fourteen years as National Account Manager for 3M Company.

Mr. Hand received his Bachelor of Science from Western Michigan University with a focus industrial engineering. He has completed Tremco's comprehensive Construction Technology Training Classes: Phases A through D.

Personal Philosophy

"My approach to roofing is to be my customers dependable resource for solving all their low-slope roofing needs. I help them determine necessary steps to maintain exiting roof inventory and to maximize investment. I make recommendations based on long-term industry standards, and assure the work is done accordingly."

Expert Qualifications

- Implemented roof management programs on over 5 million square feet of roofing, including forensic surveys as primary tool of investigation
- Provided project assistance on over 150 weatherproofing projects that include detailed scopes of work and complete specification packages for over 50 different customers in southwest Michigan
- Hundreds of roofs evaluated
- OSHA Certified Safety Training

Professional Affiliations

- Certified CSI Construction Documents Technologist
- Member of Construction Specifiers Institute (CSI)

What David's customers have to say:

"Nobody watches a project like Dave does."

Paul Bishop, Team Leader Facilities
Denso Manufacturing

"David takes the time to explain things so I can understand. He gives us choices that makes sense."

Kristy Mattern, Director of Operations
Parchment Public Schools

"When I call David, he's there right away and gives tremendous reports of everything he does."

Mike Caswell, Director of Operations
Kellogg Community College

"I didn't have to do anything. Dave runs it!"

Jim Elkins, Facility Director
American Electric Power

"Great reports and close-out manual. I like the way David takes responsibility for the contractor."

Carol Long, Property Manager
Bronson Hospital
