Mr. Joe Slattery has over 30 years of broad experience with Tremco, a Cleveland based company with over 75 years as a leader in the roofing industry. Joe has provided peace of mind for many years to numerous local building owners including: NASA Glenn Research City, the City of Cleveland, the Cleveland Museum of Art, and the Lincoln Electric Company.

Mr. Slattery received his degree in Business Economics from Cleveland State University.

Personal Philosophy

“I want to achieve a position of trust with building owners so that they can rely on me to achieve roofing “peace of mind”. This trust does not come easy – it must be earned! Roofing is complex and requires critical thinking and continuous education – two things I most enjoy. I derive satisfaction by helping owners maximize the service life of new and old roofs; thereby saving them money.”

What Joe's customers have to say:

"Joe was very conscientious of all specification detail. It was a pleasure to work with such a professional"

City of Brooklyn

"Tremco and Joe have provided quality projects at an affordable cost"

Cleveland Institute of Art

"Joe Slattery always goes out of his way to ensure our satisfaction"

Orange City Schools

"Mr. Slattery was always very responsive and advised us at every step of our roof project"

Cleveland Racquet Club

"Joe took time out to meet with our people to explain the design of our roofing system as well as an overall view of the Roofing industry."

Eaton Airflex

"When confronted with a confounding challenge, Joe has quickly mustered the resources necessary to identify the root cause and develop meaningful alternatives. His approach has been both conservative and mindful of the need to avoid interruption of the educational program"
