

# Tremco Roofing and Building Maintenance

Scott Bertke  
Field Representative, Central Ohio  
614.348.7462  
sbertke@tremcoinc.com

## Personal Philosophy

All roofing customers have specific and unique needs. I enjoy working with a wide variety of clients -- from elementary schools to chemical manufacturing companies to office buildings -- on custom solutions that operate on a 24/7 basis.

Because Tremco Roofing and Building Maintenance has a wide range of products and solutions available -- it helps me solve problems while making my roofing career interesting and different.

## Expert Qualifications

- 20 years of experience with Tremco Roofing
- Specified and provided products to re-roof thousands of 10'x10' roof squares
- Specified single ply, modified bitumen, built-up and metal roof restorations
- LEED AP Certified since 1999
- CSI Construction Document Technologist (CDT) since 2000
- Lead Representative for Ohio Cooperative Purchasing Agreement for since 2000

## Professional Affiliations

- Construction Specifiers Institute (CSI -- 20 year member)
- Ohio Public Facilities Maintenance Association (OPFMA)
- Buckeye Association of School Administrators (BASA)

## Education

- Bowling Green University: Bachelor of Science in Marketing - Business
- Tremco University training, Phases A through D

## Some of my successful projects

Del-Co Water Company, Delaware: Water Treatment Plant  
Roy Niceswagner (title): "Nothing surprised me about the delivery of the project because I expected the best."

Greenfield High School, Greenfield: Greenfield Exempt Village Schools  
Sue Vanzant, Superintendent: "Keep Scott in Quality Control. He was extremely conscientious and proud of his company and the work they expected from contractors."

Riverside Methodist Hospital, Columbus: Various Roof Sections  
Gary Bailey, Physical Plant Supervisor: "Scott communicates the job progress very well"

State of Ohio - North High Street Complex, Columbus: Department of Administrative Services  
Russ Money, Maintenance Supervisor: ""Excellent follow up on our questions and problems."
