

Version: 1.0 Revision Date: 08/17/2015

# SAFETY DATA SHEET

### 1. Identification

Material name: SOLARGARD H.B. SCC PATINA GREEN 53 GL Material: 1512415653D

### Recommended use and restriction on use

Recommended use: Coatings Restrictions on use: Not known.

### Manufacturer/Importer/Supplier/Distributor Information

Tremco Incorporated 3735 Green Road BEACHWOOD OH 44122 US

Contact person: Telephone: Emergency telephone number:

EH&S Department 216-292-5000 1-800-424-9300 (US); 1-613-996-6666 (Canada)

### 2. Hazard(s) identification

### **Hazard Classification**

| Health Hazards                              |             |
|---|-------------|
| Acute toxicity (Inhalation - dust and mist) | Category 4  |
| Carcinogenicity                             | Category 1A |
| Unknown toxicity - Health                   |             |
| Acute toxicity, oral                        | 34.18 %     |
| Acute toxicity, dermal                      | 39.18 %     |
| Acute toxicity, inhalation, vapor           | 100 %       |
| Acute toxicity, inhalation, dust or mist    | 73.64 %     |
| Unknown toxicity - Environment              |             |
| Acute hazards to the aquatic<br>environment | 64.65 %     |
| Chronic hazards to the aquatic environment  | 100 %       |

### Label Elements

Hazard Symbol:

Danger

Signal Word:

Hazard Statement:

Harmful if inhaled. May cause cancer.

| Precautionary<br>Statement:                              |   |
|--|---|
| Prevention:  | Avoid breathing dust/fume/gas/mist/vapors/spray. Use only outdoors or in a well-ventilated area. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. |
| Response:  | IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/doctor if you feel unwell.  |
| Storage:   | Store locked up.  |
| Disposal:  | Dispose of contents/container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.  |
| Other hazards which do not result in GHS classification: | None.   |

# 3. Composition/information on ingredients

### **Mixtures**

| Chemical Identity                           | CAS number | Content in percent (%)* |
|---|------------|-------------------------|
| Calcium carbonate                           | 471-34-1   | 15 - 40%                |
| Titanium dioxide                            | 13463-67-7 | 3 - 7%                  |
| Propylene glycol                            | 57-55-6    | 1 - 5%                  |
| Zinc oxide                                  | 1314-13-2  | 1 - 5%                  |
| **  | **         | 1 - 5%                  |
| Clay  | 1332-58-7  | 0.1 - 1%                |
| Magnesite                                   | 546-93-0   | 0.1 - 1%                |
| Aluminum oxide                              | 1344-28-1  | 0.1 - 1%                |
| Crystalline Silica (Quartz)/<br>Silica Sand | 14808-60-7 | 0.1 - 1%                |
| Talc  | 14807-96-6 | 0.1 - 1%                |
| Ammonium hydroxide                          | 1336-21-6  | 0.1 - 1%                |

\* All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

### Trade secret information:

\*\* A specific chemical identity and/or percentage of composition has been withheld as a trade secret.

| 4. First-aid measures |   |
|-----------------------|---|
| Ingestion:            | Call a POISON CENTER/doctor//if you feel unwell. Rinse mouth.   |
| Inhalation:           | Move to fresh air.  |
| Skin Contact:         | Wash skin thoroughly with soap and water. Get medical attention if symptoms occur.  |
| Eye contact:          | Any material that contacts the eye should be washed out immediately with water. If easy to do, remove contact lenses. If eye irritation persists: Get medical advice/attention. |
|                       | 2/18  |

| Most important symptoms/effect   | s, acute and delayed  |
|--|---|
| Symptoms:  | May cause skin and eye irritation.  |
| Indication of immediate medical a  | ttention and special treatment needed   |
| Treatment:   | Symptoms may be delayed.  |
| 5. Fire-fighting measures  |   |
| General Fire Hazards:  | No unusual fire or explosion hazards noted.   |
| Suitable (and unsuitable) ex   | ktinguishing media  |
| Suitable extinguishing media:  | Use fire-extinguishing media appropriate for surrounding materials.   |
| Unsuitable extinguishing media:  | Do not use water jet as an extinguisher, as this will spread the fire.  |
| Specific hazards arising from the chemical:                                | During fire, gases hazardous to health may be formed.   |
| Special protective equipment an  | d precautions for firefighters  |
| Special fire fighting procedures:  | No data available.  |
| Special protective equipment for fire-fighters:                            | Self-contained breathing apparatus and full protective clothing must be worn in case of fire.   |
| 6. Accidental release measures   | s   |
| Personal precautions,<br>protective equipment and<br>emergency procedures: | No data available.  |
| Methods and material for<br>containment and cleaning<br>up:                | Dam and absorb spillages with sand, earth or other non-combustible material. Collect spillage in containers, seal securely and deliver for disposal according to local regulations. |
| Notification Procedures:   | In the event of a spill or accidental release, notify relevant authorities in accordance with all applicable regulations.   |
| Environmental Precautions:   | Do not contaminate water sources or sewer. Prevent further leakage or spillage if safe to do so.  |

# 7. Handling and storage

| Precautions for safe handling:                                      | Do not handle until all safety precautions have been read and understood.<br>Obtain special instructions before use. Use personal protective equipment<br>as required. Provide adequate ventilation. Wear appropriate personal<br>protective equipment. Observe good industrial hygiene practices. |
|---|--|
| Conditions for safe storage,<br>including any<br>incompatibilities: | Store locked up.   |

# 8. Exposure controls/personal protection

### **Control Parameters**

### **Occupational Exposure Limits**

| Chemical Identity                           | type | Exposure Limit Values | Source  |
|---|------|-----------------------|---|
| Calcium carbonate -<br>Total dust.          | PEL  | 15 mg/m3              | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000)<br>(02 2006) |
| Calcium carbonate -<br>Respirable fraction. | PEL  | 5 mg/m3               | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000)<br>(02 2006) |
| Titanium dioxide                            | TWA  | 10 mg/m3              | US. ACGIH Threshold Limit Values (2011)   |
| Titanium dioxide - Total dust.              | PEL  | 15 mg/m3              | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000)<br>(02 2006) |
| Zinc oxide - Respirable fraction.           | TWA  | 2 mg/m3               | US. ACGIH Threshold Limit Values (2011)   |
|   | STEL | 10 mg/m3              | US. ACGIH Threshold Limit Values (2011)   |
| Zinc oxide - Fume.                          | PEL  | 5 mg/m3               | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000)<br>(02 2006) |
| Zinc oxide - Total dust.                    | PEL  | 15 mg/m3              | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000)<br>(02 2006) |
| Zinc oxide - Respirable fraction.           | PEL  | 5 mg/m3               | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000)<br>(02 2006) |
| **  | TWA  | 10 mg/m3              | US. ACGIH Threshold Limit Values (2011)   |
|   | PEL  | 15 mg/m3              | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000)<br>(02 2006) |
|   | PEL  | 5 mg/m3               | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000)<br>(02 2006) |
| Clay - Respirable fraction.                 | TWA  | 2 mg/m3               | US. ACGIH Threshold Limit Values (2011)   |
|   | PEL  | 5 mg/m3               | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000)<br>(02 2006) |
| Clay - Total dust.                          | PEL  | 15 mg/m3              | US. OSHA Table Z-1 Limits for Air   |

|   |      |   |                                      | Contaminants (29 CFR 1910.1000)<br>(02 2006)                                      |
|---|------|---|--------------------------------------|---|
| Magnesite - Total dust.   | PEL  | 15 mg/                                      | ′m3                                  | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000)<br>(02 2006) |
| Magnesite - Respirable fraction.                                      | PEL  | 5 mg/                                       | ′m3                                  | US. OSHA Table Z-1 Limits for Air<br>Contaminants (29 CFR 1910.1000)<br>(02 2006) |

| Appropriate Engineering<br>Controls | Observe good industrial hygiene practices. Observe occupational exposure limits and minimize the risk of inhalation of vapors and mist. Mechanical ventilation or local exhaust ventilation may be required.   |  |
|-------------------------------------|--|--|
| Individual protection measures,     | such as personal protective equipment  |  |
| General information:                | Good general ventilation (typically 10 air changes per hour) should be used.<br>Ventilation rates should be matched to conditions. Supplementary local<br>exhaust ventilation, closed systems, or respiratory and eye protection may<br>be needed in special circumstances, such as poorly ventilated spaces,<br>heating, evaporation of liquids from large surfaces, spraying of mists,<br>mechanical generation of dusts, drying of solids, etc. |  |
| Eye/face protection:                | Wear safety glasses with side shields (or goggles).  |  |
| Skin Protection<br>Hand Protection: | Use suitable protective gloves if risk of skin contact.  |  |
| Other:                              | Wear suitable protective clothing.   |  |
| Respiratory Protection:             | In case of inadequate ventilation use suitable respirator. Seek advice from local supervisor.  |  |
| Hygiene measures:                   | Observe good industrial hygiene practices. Wash hands before breaks and immediately after handling the product.  |  |

# 9. Physical and chemical properties

### Appearance

| Appearance                                    |   |
|---|---|
| Physical state:                               | liquid  |
| Form:   | liquid  |
| Color:  | Green   |
| Odor:   | Mild  |
| Odor threshold:                               | No data available.  |
| pH:   | 9 - 10  |
| Melting point/freezing point:                 | No data available.  |
| Initial boiling point and boiling range:      | No data available.  |
| Flash Point:                                  | No data available.  |
| Evaporation rate:                             | Slower than Ether   |
| Flammability (solid, gas):                    | No  |
| Upper/lower limit on flammability or explosi- | ve limits   |
| Flammability limit - upper (%):               | No data available.  |
| Flammability limit - lower (%):               | No data available.  |
| Explosive limit - upper (%):                  | No data available.  |
| Explosive limit - lower (%):                  | No data available.  |
| Vapor pressure:                               | No data available.  |
| Vapor density:                                | Vapors are heavier than air and may travel along the floor and in the bottom of containers. |
| Relative density:                             | 1.33  |
| Solubility(ies)                               |   |
|   |   |

| Solubility in water:                     | Soluble            |
|--|--------------------|
| Solubility (other):                      | No data available. |
| Partition coefficient (n-octanol/water): | No data available. |
| Auto-ignition temperature:               | No data available. |
| Decomposition temperature:               | No data available. |
| Viscosity:                               | No data available. |

# 10. Stability and reactivity

| Reactivity:                            | No data available.  |
|--|---|
| Chemical Stability:                    | Material is stable under normal conditions.   |
| Possibility of Hazardous<br>Reactions: | No data available.  |
| Conditions to Avoid:                   | Avoid heat or contamination.  |
| Incompatible Materials:                | Strong acids. Strong bases.   |
| Hazardous Decomposition<br>Products:   | Thermal decomposition or combustion may liberate carbon oxides and other toxic gases or vapors. |

# 11. Toxicological information

| Information on likely routes of exposure |   |  |
|--|---|--|
| Ingestion:                               | May be ingested by accident. Ingestion may cause irritation and malaise.                      |  |
| Inhalation:                              | In high concentrations, vapors, fumes or mists may irritate nose, throat and mucus membranes. |  |
| Skin Contact:                            | May be harmful in contact with skin.  |  |
| Eye contact:                             | Eye contact is possible and should be avoided.  |  |
