

Roofing, Building Envelope + Construction Services

IN OHIO FOR K-12 SCHOOLS, LOCAL GOVERNMENTS AND PUBLIC AGENCIES

Public educational institutions, public colleges or universities, community colleges, vocational or technical schools, municipal governments, and other governmental and quasi-governmental organizations in Ohio can procure roofing and building envelope solutions quickly and economically without sacrificing quality, performance, or transparency, through the Ohio Council of Educational Purchasing Consortia (OCEPC). OCEPC is the lead agency in Ohio for the Association of Educational Purchasing Agencies (AEPA).

Weatherproofing Technologies, Inc. (WTI), the affiliated construction services company of industry leader Tremco Roofing and Building Maintenance, is proud to be an AEPA-awarded vendor for Roofing and Related Services.

WTI and Tremco Roofing are part of Tremco Construction Products Group (CPG), the industry's only provider of comprehensive systems and services for all six sides of the building enclosure. This collective expertise means OCEPC members can benefit from the Tremco CPG family's breadth and depth of building envelope solutions for every environment, as well as the technical know-how to solve even the most challenging building envelope issues.

How Does the Roofing and Related Services Contract (AEPA 025-D) Work?

The Association of Educational Purchasing Agencies (AEPA) is a multi-state non-profit organization made up of Educational Service Agencies/political subdivisions organized through a Memorandum of Understanding between all participating states. **OCEPC** is the lead AEPA agency in Ohio. These six educational purchasing cooperatives are OCEPC members: Meta Solutions, Ohio Mid-Eastern Regional Education Service Agency (OME-RESA), Ohio Schools Council (OSC), Southwestern Ohio Educational Purchasing Council (EPC), Stark County Schools Council of Governments and Unified Purchasing Cooperative of the Ohio River Valley. Contract AEPA 025-D for Roofing and Related Services was awarded to Weatherproofing Technologies, Inc. The contract was competitively bid, locally awarded, and tailored to meet Ohio's specific legal requirements.

Why do schools, government entities and other public agencies choose to use this contract?

- » Streamlined procurement and reduced project cycle time from months to weeks
- » Pre-competed line-item pricing for best value and budget predictability
- » Work with proven and experienced local, best-in-class contractors and sub-contractors
- » Fewer to no change orders that typically occur on traditionally bid jobs
- » Ability to procure all aspects of roofing and building envelope work including services and material-only solutions

SOLUTIONS INCLUDE:

What is Available Under the Contract?

The **Roofing and Related Services Contract (AEPA 025-D)** held by WTI includes all aspects of roofing and building envelope work. After all, WTI and Tremco Roofing are part of Tremco Construction Products Group, the industry's only provider of comprehensive systems and services for all six sides of the building envelope.

- ➔ **ROOF MANAGEMENT PROGRAMS** offer a range of customized, proactive roof maintenance and management plans designed to extend system performance and building life cycles. In addition to regularly scheduled inspections, housekeeping, and maintenance, our advanced options include expert inventory assessment and prioritized construction services.
- ➔ **DIAGNOSTICS, MAINTENANCE, AND REPAIR** comprise our proactive approach to preserving your healthy roofs and bringing the others up to standard. Our extensive diagnostics capabilities include visual inspections by experienced roofing technicians, thermal and nuclear imaging technology with moisture verification, and a full complement of laboratory tests to assess roof conditions scientifically.
- ➔ **ROOFING RESTORATION** is a cost-effective approach to saving old and failing roofs that meet specific construction and condition criteria. Qualified by laboratory analysis, roof defects are repaired before applying a new reflective and energy-efficient topcoat to restore waterproofing continuity.
- ➔ **ROOFING REPLACEMENT** options span a comprehensive line of high-performance solutions for cold-applied built-up, hot-applied built-up, modified bitumen, single-ply, coated, metal, fluid-applied, vegetated, and support for photovoltaic roofing systems.
- ➔ **HVAC SERVICES** through WTI/Pure Air Control Services™ including HVAC hygienic cleaning, sanitizing and restoration to improve HVAC system performance, occupant comfort and energy efficiency.
- ➔ **INNOVATIVE PRODUCTS** for the entire building envelope including Nudura insulated concrete forms, Prebuck engineered window and door lumber and WillSeal pre-compressed joint sealants.
- ➔ **INSULATED EXTERIOR CLADDING SYSTEMS** from Tremco CPG company Dryvit® range from stucco, limestone, and granite to metal, brick, and woodgrain finish options for a beautiful and high-performing air and weather barrier.
- ➔ **WINDOW SYSTEMS, REPAIR AND SEALANTS** solutions are designed to achieve airtight transitions from windows to the wall, and to meet high-performance energy standards throughout the building exterior.
- ➔ **SAFETY** is job one – from structural deficiencies and unprotected roof edges and hatches to walkways and skylights, we have solutions to bring your roofs up to OSHA standards.
- ➔ **GENERAL CONTRACTING AND CONSTRUCTION MANAGEMENT SERVICES** give you two options to ensure excellent project results. WTI's General Contracting consists of construction project management from the bid process through completion, including daily on-site supervision. Through our Construction Management Services program, we can take managing roofing projects off your plate and put experts in charge of the intensive, time-consuming, daily demands of administration, budgeting, scheduling, quality control, and on-site supervision.
- ➔ **THE NATIONAL COOPERATIVE CONTRACTOR NETWORK** administered by Tremco provides public entities with the ability to compliantly procure solutions through a network of highly qualified, local, best-in-class pre-qualified contractors under the OCEPC contract. Contractors must meet a range of qualifications, including quality, past performance, financial stability, safety, and insurance requirements.
