Work Directly With Your Preferred Contractors

National Cooperative Contractor Network

If you'd like to award more work to a local contractor with a strong performance record for roofing and weatherization, ask if the firm is a member of the **National Cooperative Contractor Network**, a program administered by Tremco. The contract that governs the Network allows eligible public entities that are OMNIA Partners, Public Sector participants to procure roofing and building envelope products and services directly through their preferred In-Network contractor. Best value public projects are streamlined with the assurance of quality products and installation by contractors with a proven past performance record.

The Cooperative Purchasing Process Advantage

CONSTRUCTION PROCESS USING A COOPERATIVE CONTRACT

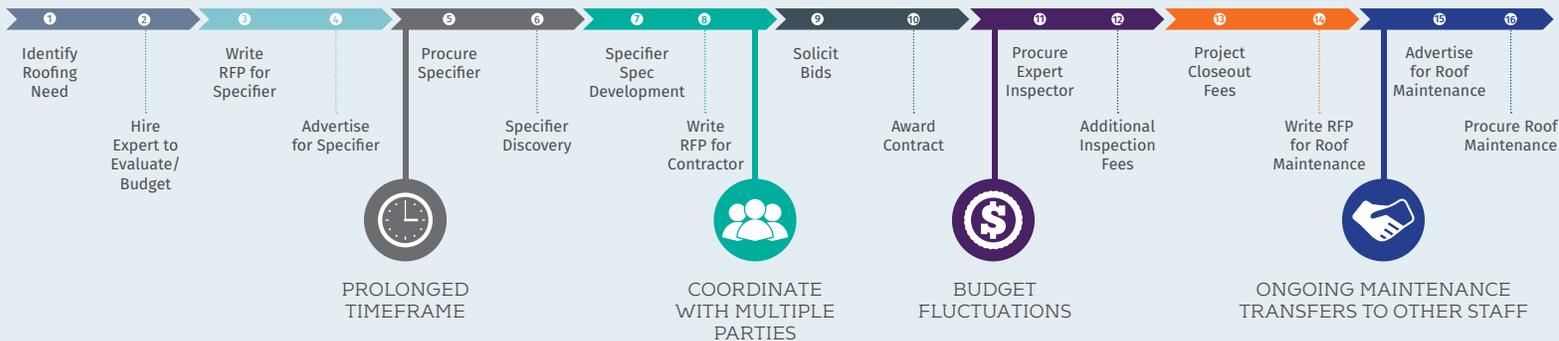

Roofing and Building Envelope Repair and Restoration is Faster, Simpler and Better through Cooperative Purchasing.

Because the agreement has already been competitively solicited and publicly awarded by a lead agency, you'll save significant time and money by reducing the administrative burden of the contracting process.
